Raymond Wins From Cardston

Playing steady and consistent ball, behind the superb pitching of "Rusty" Neilson, the Raymond ball-tossers took the long end of a 4-2 score from the Temple City "Maple Leafs" on Wednesday at the local diamond.

The first two innings were scoreless for both sides, but in the third a Texas leaguer was dropped just back of second base started things moving which counted three runs for the locals before the side was retired.

Both sides tightened down then, and in the next six innings Cardston succeeded in two runs across and Raymond got one more to make a 4-2 count. It was an interesting and exciting game, but the support of fans was lacking greatly. Come on folks, give the boys your two-bits, and support them with your presence. They certainly deserve that much.

Batteries were Leavitt and Bohne for Cardston, Nielson & Henry for Raymond. The summary of the game, is as follows:

Cardston: 2 Runs, 5 Hits, 5 Errors. Struck out by Leavitt, 9.

Raymond: 4 Runs, 7 Hits, 5 Errors. Struck out by Nielson 12. VanOrman got a 2 base hit in the 3rd, scoring Nalder from 2nd, & a double play in the 4th made a sensation when Jensen flied out to Walker, who threw to Nalder, catching Long between 2nd and 3rd.

John O'Brien and Harry Parker were umpires for the game.

WHAT OF OUR YOUTH?

If you were asked to place a value on the youth of our land, how much per individual would your evaluation be? As a parent you have very definite ideas about the worth of your own boys and girls, and many of us very pointed ideas as to the lack of worth of our neighbor's boys and girls. Be that as it may, give the question a moment's reflection and then try and decide what is youth worth.

Now another pertinent question, "What are we doing to help our youth be the men and women we want them to be in future years?" Give this question a moment of serious reflection, and see what you think of our efforts in this respect.

We are not unmindful of the good accomplished in the Primaries, the Mutuals, the Sunday School and Priesthood classes, but these only come once in each week and only last for an hour or an hour and a half. What of the remainder of the time? There are sports in the school that occupy part of the time, but there are many hours each week when boys and girls

have nothing to do with their time and in those idle hours come the activities and practices that wear the boys and girls away from home and the influence of their fathers and mothers.

We would be very much hurt if someone told us that we were unfit to be a father. We would answer back in very unkind tones and sharp stinging words. And yet if we think the thing over, maybe the accusation is correct. If we are too busy to be a friend, a confidant, a pal and a big brother to our boys and girls, then truly, we are not fit to be parents. The Church, the School, and other organizations can and do accomplish a great deal amongst the boys and girls of our community. But, however good these may be, they can never take the place of the influence of the father and mother's life and teachings upon the character of the child.

Children are naturally hero worshippers. If the life of the parent is not such that the child desires to worship father or mother as a hero, then they shift their sights somewhere else, and usually the fellow who is loud-mouthed, offensive and disgusting in many ways, focuses the attention of the lad and he commences to imitate the swagger, the blarney, and the smoke rings of his "hero." Why? Because father has been too busy to teach him and to show him anything better. Your boy goes out with a bunch and they commence to smoke. He says so, and they call him a sissy, and poke fun at him, tell him he's afraid, and many other things until he yields. So he like it? No, not at all but he has elevated himself in the eyes of the crowd, while undermining his own character. Often we have heard fathers threaten their boys within an inch of their lives if they ever knew of them smoking. Probably a very fine thing, but it destroys the confidence and the fellowship that should exist between father and son. Make your boy feel that you have confidence in him that you know he will not indulge in these things, and if he does, make him feel that you should be the first one that has a right to know, and so with other faults and follies of youth.

Our youth have a hard battle. Help them, and ease the burden of school and Sunday School teachers by helping your boy to develop confidence and self-respect for him and for you by the example you set, the friendship you show, and the time you spend with him in the occupations of life. These are trivial things to mature people, but they are mountains to youth, and if we who are closest to them are too busy to listen, they will take their troubles to less sympathetic and less

CALL IN FOR A SMOOTH SHAVE

Johnny Wall's home was stuccoed last week, and is very pleasing in its coat of gray.

Work is progressing nicely on the new home of Mr. and Mrs. W. A. Anderson, and the frame work will likely be completed by the time this appears in print.

Mr. and Mrs. Reg. Cooper enjoyed a visit on Saturday from Mrs. Cooper's brother, Russel Brown, who lives in Salt Lake City, Utah.

Mrs. Nellie T. Taylor, an old-timer of Southern Alberta, and W. L. Hansen of Chicago, were the speakers at the joint Sunday evening service in the Stake House. Mrs. Taylor was one of the representatives of the General Board of the Genealogical Society at the Convention, and her address was full of faith promoting incidents, and experiences of early days in Canada.

Bide Clark was in Lethbridge on Monday forenoon.

"Mary," said Mrs. Newrich, to the new maid, "you may take the dog out and give him some air."

"Yes, ma'am," acquiesced Mary. "And lease, ma'am, where shall I find the nearest service station?"

Suggest Mr. Coote

In considering the personnel of the Board of Directors for the new National Bank, the name of George Coote has been mentioned. It is perhaps unnecessary to urge Mr. Coote's fitness for such a position. He has pioneered in the work of bringing the necessity of a Central Bank before Parliament. He was one of the first advocates and has been a consistent advocate from year to year. It is true that the bank as realized, has not fulfilled his dream of a publicly-owned institution, but it can become an agency of considerable value to the people, if operating under a wise directorate.

Mr. Coote has pursued the study of national finance since his entrance into Parliament, and has advocated nothing of an ill-considered nature. He was almost a lone voice in urging the consideration of the Australian system of recovery some years ago. Australia has gone ahead notably under that system. He was amongst the first to urge that Canada follow the trend of the pound sterling when Britain went off the gold standard, and although he was in a lonely minority at first, he gained many converts to his belief. Those who follow Hansard consistently are proud of his Parliamentary record. He has never wasted time, never been betrayed into petty quibbling, but has always been armed with constructive suggestions that have been received at least with respect. All his speeches, his protests or approvals have been marked with a primary regard for the betterment of mass condition and a complete disregard of party lines or party advantage.

It is no easy task for a man to hew to the line, for thirteen consecutive years in Parliamentary service. It is not easy to belong to a minority group and remain strong in the faith of usefulness. Mr. Coote has done this and his electorate is proud of his work.

Each year he is developing a larger following in eastern Canada, and his name is now known from Coast to Coast. He is recognized as being advanced in views, yet practical, absorbed in his special study of finance, as it can be made to serve the people. It is reasonable to expect that his name would be acceptable throughout the Dominion. More than that, he is representative of an agricultural element in the country, which should be represented on the directorate.

If such an appointment should mean the loss of Mr. Coote as

a representative of this riding it would mean a serious loss to the constituency. But such an appointment would be service in a much larger field, and with much greater opportunities, and should be regarded in that light.

It is hoped that other areas of the Dominion see the desirability of urging Mr. Coote's name in this capacity. The public interest would be well served.

—Vulcan Advocate.

BEATS SPINNING WHEEL

(Country Life in B. C.)

The spindle will be the more generally used because it can be made at home and because it can be carried around to afternoon teas. Women's Institute rallies, Ladies Aid meetings, and the like of the spinning wheel in silently and usefully with conversation. Then when the meeting is ended, there is so much yarn to the good. FLOUNDERING ABOUT

(Country Life in B. C.)
Every province and the Dominion itself have been floundering about, cursed alike by lack of native courage and by lack of precedent. The latter would probably give the main imitation courage.

AGRARIAN CLEARING HOUSE

(Country Life in B. C.)
Centralization of the views of agriculture is that these may be voiced through a single channel, the farmers' Institute of British Columbia, was urgently requested at the recent annual meeting of the Advisory Board of this organization in Victoria. This recommendation met the unanimous support of the ten delegates who constitute the board.

IN MEMORIAM

In loving memory of our darling son and brother, Leslie Charles Schneider, died July 11th, 1933, at Lethbridge, interred July 14th at Raymond cemetery.

Days of sadness still come o'er us,
Tears in silence often flow,
For memory keeps him ever
For memory keeps him ever near us.

Though he died one year ago,
A bitter grief, a shock severe,
To part with one we loved so dear.

Our loss is great, we'll not complain,
But trust in God to meet again.

Inserted by his parents and sister Ursula.

DON'T LET COMMON CONSTIPATION DULL THE JOY OF LIVING

Kellogg's ALL-BRAN Brings Relief

Constipation takes the sunshine out of your days. It may bring headaches, loss of appetite and energy, sleeplessness, sallow skins, pimples.

Fortunately, you can avoid this condition by eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides two things needed to help overcome common constipation: "bulk" and vitamin B. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

How much better than dosing yourself with patent medicines. Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in chronic cases. If seriously ill, see your doctor—ALL-BRAN is not a "cure-all."

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

PROHIBITION IN THE HOME

From an unknown but seemingly an authoritative source.

I had twelve bottles of whiskey in my cellar and my wife made me empty the contents of each and every bottle down the sink, so I proceeded to do as my wife desired and withdrew the cork from the first bottle, poured the contents down the sink, with the exception of one glass, which I drank.

I then withdrew the cork from the second bottle and did likewise, with the exception of one glass which I drank.

I then extracted the cork from the third bottle, emptied the good old booze down the bottle with the exception of one glass which I devoured.

I pulled the cork from the third sink and poured the bottle down the glass when I drank some.

I pulled the bottle from the cork of the next and drank one sink out of it and threw the rest down the glass.

I pulled the sink out of the next cork, and then poured the bottle down my neck.

I pulled the next bottle out of my throat and poured the sink down the bottle and drank the cork.

Well, I had them all emptied and I steadied the house with one hand and counted the bottles which were twenty-four. I counted them again when they came around again and had 71 and as the houses came around I counted them, and finally I had all the houses and bottles counted and I counted 1 to wash the bottles, but I couldn't get the brush in the bottles, so I turned them inside out and washed and wiped them all, and went upstairs and told my other half all about what I did, and Oh Boy, I've got the wifest little nice in the world.

GENEALOGICAL

CONVENTION

A very successful Genealogical Convention was held in Magrath on Saturday and Sunday last, sponsored by the Genealogical Committee of the three Stakes and addressed by Elder Joseph H. Smith and Mrs. Nellie T. Taylor, both being Recorders in the Salt Lake Temple.

Various phases of genealogical work were stressed by the speakers among which were "Home Teaching," "Compiling so of games."

Recorder and Research "Value of Genealogical and Temple Work to Incoming and Outgoing Members, and "Temple Marriage and Its Benefits."

Questions were asked and answered at the conclusion of each session and all in all a very profitable time was spent by all who attended. A good musical program was arranged which included special numbers from all the wards of the Stake, and a social program occupied the time Saturday evening which was concluded with an hour or

On Monday a one-day Convention was held in Lethbridge Stake, and on Tuesday in the Alberta Stake.

Mr. and Mrs. A. W. Kirkham, Mr. and Mrs. Ira McBride and Mrs. F. W. Leavitt were visitors in Coutts on Wednesday afternoon. The men enjoyed a game of golf on the Coutts links. The ladies were guests of the Sunshine W. I. Mrs. Kirkham being the seaker, her subject, "The Need of a Hobby." A social half-hour was spent at the close Mrs. Healey the hostess serving a dainty lunch.

News Notes

The "Wonder Lifter" demonstrators were in town Monday evening and Tuesday and the little gadgets sold like hot cakes, going about as fast as they could be twisted into shape and the "twisted" is no source of imagination.

Mr. and Mrs. H. F. Holg and family, Mr. and Mrs. A. D. Zabriske and family, Mr. and Mrs. S. B. Card and family, and several other Raymond people spent the week end at Waterton Park, and report a very enjoyable time.

Mart Kenney and his boys played for a dance at the Ramonian Monday evening last which was well patronized and the dancers enjoyed the music. The musicians were well pleased with the splendid floor, and were agreeably surprised at the way their vocal refrains went over in the open. They will very likely be back again.

WEDDING BELLS

HANSEN — ANDERSON

Clarence L. Anderson son of Mr. and Mrs. M. Hansen, Lethbridge, and Miss Beth Anderson, granddaughter of Mr. and Mrs. H. C. Christensen of Raymond were united in marriage on Saturday, June 30th, at the home of Bishop and Mrs. O. F. Ursenbach of Lethbridge, in the presence of the parents of the groom and other relatives and friends. They are making their home in Lethbridge where the groom has a position with the Scott Fruit Co., Wholesalers.

Following the ceremony, a wedding supper was served at the home of the grooms parents, where relatives of the two contracting parties sat down to a sumptuous repast, followed by an evening of gaiety and conversation.

We join with the many friends of the young people in wishing them a very happy and prosperous married life.

Householder: "What does this label 'Wait and see' mean?"
Jobbing Gardener: "Well, I forgot just what I planted there, sir."

A great many Taylor Stake people left Tuesday morning for the Fathers and Sons outing in Camp Kootenai, Waterton Park. We will try and have a detailed report of this outing for next week's paper.

SOCIAL CREDIT CREATES ENTHUSIASM

The question of Social Credit in the light of a new system of finance for the province is causing considerable interest and enthusiasm in Raymond and district judging at least by the attendance at the two meetings held Friday and Monday nights, the attendance Monday evening being 97, who were all keenly interested in the explanations of the workings of the present system, and the problems that it is forcing upon us.

The question of organization and policy took up most of the time Friday evening, and the temporary committee elected at the meeting when Mr. Unwin & Mrs. Rogers were here, were made permanent by the vote of the meeting, and a committee of 6 were appointed to canvas the town and invite the people to the meetings. The name of 'Raymond School of Economics' was decided upon for the classes, and for the present two classes weekly are being held, Tuesday and Friday evenings at present in the High School buildings.

Everyone is invited to attend these classes and acquaint themselves with the topic regardless of their belief or otherwise. Questions and discussions are invited.

A terrible hail storm swept the Red Deer Carstairs district Tuesday afternoon and evening, and pounded crops into the ground, lightning killing one man in Edmonton, and a number of work horses in rural districts. Crops were so badly damaged that many farmers commenced ploughing them under and others turned stock into them. Prospects were seldom better in the devastated districts than this year.

"Nothing is ever accomplished by a committee unless it consists of three members, one of whom happens to be sick and the other absent."—Henrik Van Loon.

LOCAL LAD WINS SCHOLARSHIP

Wayne Woolley received a pleasant surprise last week when he was notified that he had won a \$50.00 scholarship for the highest marks and best efficiency at the University of Alberta during the last year's work.

About the same time that this information came, he received an offer to return to Edmonton and teach in the Summer School, and he is at present there teaching two classes in Chemistry during the duration of the school.

Wayne is certainly winning distinction in his work at the University, and we heartily congratulate him on his achievements, wishing him success in the future.

Marie O'Brien of Raymond spent the week-end at the home of her cousin, Mrs. Calvin Layton, a bride of last week.—Taber Times.

Lee always gets a good crowd for his dinnerware night, the ladies taking a great deal of pride in this beautiful set. The pictures too, are always high-class and assure every one of a splendid evening of entertainment.

Mr. and Mrs. F. R. Taylor and Mr. and Mrs. T. George Wood left Thursday for Chicago and the World's Fair, and en route will visit several sugar factories in Montana and North Dakota.

Mr. and Mrs. Russel Brown and Mrs. Reg. Cooper went to Cardston on Wednesday to attend the funeral of Mrs. Frank Brown, their aunt.
